Neath class has been busy this week in the garden. They have been planting, watering and arranging the plants, getting ready for the annual garden competition.

It looks amazing, well done Neath class!

For this week's Humanities lesson, Towy class were looking at geographical related world records! To start with, our pupils each selected what records they wanted to research, then created a document to show their findings. Our pupils collated information from the internet, type/ transfer the information into the document and copy and paste a relevant image. From a storm that lasted 36 days to the world's tallest tree in California. What an interesting session! Well done, everyone!

Mahoney, as always, has enjoyed going to horse riding and today helped to prepare "Annie" (Horse) by cleaning the hooves and tail, later, enjoying a ride around the obstacle track. Scan the QR code to see a video or Mahoney riding the horse.

Well done Mahoney!
