## Deputy Head Teacher's Update

A successful Sports Week at Petherton Park! Our students tried and got involved in many different sporting activities, including looking at sport across the curriculum. Academically, we have looked at managing our own sports team, creating an A-Z of sport, creating our own sports games, choosing our most memorable sports moments, calculating costs of basketball players salaries, and making our own sporting keyrings. Within PE, we have completed activities such as swimming, golf, bike riding, bowling, and we had a successful Sports Day! For our Golden Time activity, some of our students tried Frisbee Golf for the first time, and they were really good! It has been great to see so much engagement from our students this week and see them trying new things.

Next week we have some transition sessions with new students that will be starting in September, which is really exciting.
