Head Teacher's Update

It has felt like a very productive week in school, with lots of work happening across the classes. There have been some fantastic interactions too, with students from different classes spending time together learning and playing. We had Bobby and Danny working hard in the barn, Tyler and Freddie creating magic in the kitchen, Lexi and her class playing Badminton, and a large group of the boys going to play football. In addition, the guys have been working well through their Maths and English in the classes this week. This year for Golden time, all the students have told us what they would like to do. Each week a different activity runs, and they can choose to go, or not. We ended this week with some paddle boarding for those students who wanted to, the sun came out just in time and the everyone had a great afternoon! Overall, it's been great to see friendships beginning to take shape, and students being supported to have positive interactions with each other.

Have a great weekend everyone, Sam.
