Lunch Arrangements

At our school, we are committed to supporting Pupils to develop healthy, balanced eating habits, alongside the skills and confidence to prepare nutritious food for themselves and others.

Lunch times are an important part of the school day. We use this time intentionally to support the development of positive social interaction, communication and relationship-building. Pupils and Team Members are encouraged to eat together, creating a calm, inclusive environment where everyone can feel connected and supported.

As we do not provide school lunches, Pupils should bring a packed lunch each day, along with a soft drink or refillable water bottle. To promote health and wellbeing, fizzy drinks and energy drinks are not permitted on the school site.

To further support healthy choices, a range of nutritious snacks, including toast and fresh fruit, are available to Pupils throughout the day.

As part of our wider school ethos, we aim to nurture a strong sense of community and celebrate diversity. Through the curriculum, Pupils have opportunities to design meals, cook for one another, and explore foods from a variety of cultures, religions and celebrations. Where possible, we actively encourage Parents/Carers to be involved in these experiences.
